

CHARACTERISTICS

Light Touch (in development)

Best Use

- Support • Stability
- Event / Sports Use
- Deep Tissue Applications

- Rehabilitation • Edema Control
- Neurological Conditions
- EDF™ Applications
(Epidermis, Dermis, Fascia)

- Support • Stability
- Flexible/comfort
- Pressure release for muscle

Gentle on Skin

Latex Free

Water Resistant

Multi-Day Wear

Deep Tissue
Stimulation

Medium Layer
Stimulation

Superficial Layer
Stimulation

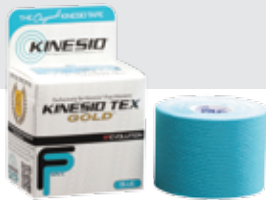

Ultra Light
Stimulation

Micro-Grip™
Deep Set Adhesive
(Better grip with less adhesive)
